LETTER OF RECOMMENDATION - TRAVIS BLAIS, CTB WINDOWS

This letter will serve as recommendation and appreciation to Travis for a job well done.

Earlier this year I contracted with Travis to have the windows in my home replaced as well as storm doors installed.

He took the time to discuss different styles of windows and listened to what I wanted in an end product. He provided sound advice and I feel that advice allowed me to get the best value and stay within my budget.

He did an outstanding job of the installation. His attention to detail, thoroughness and neatness of work is second to none.

I am very pleased with the work, the windows and the value they add to my home.

I would highly recommend Travis and CTB Windows and invite anyone considering a purchase to drive by and have a look at my windows.

Marlene Mann
